RACE/ETHNICITY NOTE: From 1996 to 2014, the FBI's UCR data had a category called "Ethnicity" that listed anti-Hispanic and anti-not-Hispanic hate crime. In 2015, the FBI eliminated the stand-alone "Ethnicity" category. The FBI rolled "Ethnicity" data into the "Race" category and renamed the "Race" category "Race/Ethnicity." Under the new "Race/Ethnicity" category, anti-Hispanic hate crime is still listed; however, anti-not-Hispanic hate crime is not. It is not clear whether this data is no longer being tabulated, or if the subcategory is being redistributed under more specific subcategories. Therefore, since it was not possible to extract 2015-2017 "Ethnicity" data from the new "Race/Ethnicity" category, we had to merge 1996-2014 "Ethnicity" data into a "Race/Ethnicity" category for years 1996-2014. The merging of this data changed (increased) the totals for the category "Race" compared to what's shown in the FBI's 1996-2014 reports. This merged data is more accurate for the purpose showing trends over time. It is our hope that the FBI will go back and amend its old data so that others doing to trend research don't have to go through the additional steps we did to obtain accurate results.
